"Matron of a Benevolent Home and knowing the good Dr. Miles' Nervine has done me, my wish to help others, overcomes my dislike for the publicity, this letter may give me. In Nov. and Dec., 1893, The inmates had the 'LaGrippe,' and I was one of the first. Resuming duty too soon, with the care of so many sick, I did not regain my health, and in a month I became so debilitated and nervous from sleeplessness and the drafts made on my vitality, that it was a question if I could go on. A dear friend advised me to try Dr. Miles' Restorative Nervine. I took 2 bottles and am happy to say, I am in better health than ever. I still continue its occasional use, as a nerve food, as my work is very trying. A letter addressed to Milwaukee, Wis., will reach me." June 6, 1894. MRS. LAURA C. PHOENIX.

Dr. Miles' Nervine is sold on a positive guarantee that the first bottle will benefit. If druggists sell it at \$1.60 bottles for \$5, or if it will be sent, prepaid, on receipt of price by the Dr. Miles Medical Co., Elkhart, Ind.

SHED DRUG CO.

With the exception of Mississippi every Democrat who made the silver issue the predominant one of the campaign comes under the wire badly defeated, and in Mississippi no matter what the issue was or might have been the Democratic ticket was going to win because the welfare of the state depended on it. But strewn all over the field elsewhere the banners of Democrats who lent themselves to the fanaticism of the hour are conspicuous. It may be that free coinage of silver at 16 to 1 is right, but the majority of the people are not of that opinion.—Moberly Monitor.

See here, Brother Kelly, did you intend the above for a joke, or did you with premeditation and malice aforethought intend to deceive or mislead somebody? Mississippi was the only one of the states wherein an election was held this fall that had a straight-out Democratic free silver platform, and was the only one where there was a victory worth naming. Kentucky, Maryland, Ohio, New Jersey and Iowa had a sound money plank in their Democratic platforms, and in each of these states the Democrats were badly beaten. It is not that the people repudiate the idea of free coinage of silver at a ratio of 16 to 1 that caused the Waterloo defeat of Democracy this year; it is because they have repudiated a hybrid Democracy, into whose veins has been diffused the John Sherman financial blood. It won't go. Let us have Democracy straight or John Sherman Republicanism all the way through. We want no such crimes as the continued demonization of silver committed by Democrats, and we are now satisfied that it will not be done in the name of Democracy. It will be continued by the party that originated it, and thus far we are glad of our defeat.

Beware of Ointments for Catarrh that contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and is made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists, price 75c. per bottle.

The following prices for stock taken from the Mexico Intelligence published in 1873, shows something of what a gold standard money value has done for farmers in 22 years:

	Price in '73.	Price in '95.
Cattle.....	\$6.25.	\$4.00.
Hogs.....	5.05.	3.70.
Sheep.....	6.50.	3.55.
Plug horses.....	\$50 to \$75.	\$7.50 to 20.
Good horses.....	\$100 to \$150.	\$40 to \$60.
Mules.....	\$110 to \$125.	\$27 to \$40.
Mules, extra.....	\$160 to \$200.	\$47 to \$67.

In other words, stock of the same quality and weight that would have brought the farmer in 1873 on the St. Louis market \$567.80 would now bring him \$198.75, a loss in dollars of \$369.05 or a per centage loss on his value of a little over 65 per cent. No wonder farmers pine for the return of the good old days when they stood some chance of being rewarded for their toil.

How's This.

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

### FOREIGN WAR.

England, France and Germany, after having interposed to restore order in Armenia and put a stop to Turkish atrocities upon their Christian subjects in that part of the Ottoman empire, were not successful in their first effort. Seemingly the sultan of Turkey could not realize that these Christians were really in earnest in their meddling with his affairs, even though he did permit Christians to be murdered by the thousand.

Since the first protest made by these powers the slaughter has gone on till the ground has been reddened with the blood of Christian martyrs on Ottoman soil. These good Samaritans are at last beginning to understand more of the Turkish nature. As long as hands are kept off a Turk he cares but little what is said. Now, however, warlike demonstrations are being made. The sultan and sublime porte will wake up some of these bright mornings and find Turkish waters infested with English, French and German fleets. One more chance will be offered them to give assurances that the Armenian atrocities shall cease, and if that is not given the murder of innocents by Turkish hands will be speedily avenged by Christian governments.

Six weeks ago I suffered with a very severe cold; was almost unable to speak. My friends all advised me to consult a physician. Noticing Chamberlain's Cough Remedy advertised in the St. Paul Volks Zeitung I procured a bottle, and after taking it a short while was entirely well. I now most heartily recommend this remedy to anyone suffering with a cold. Wm. Keil 678 Selby Ave. St. Paul, Minn. For sale by W. C. Gaston.

FAULT-FINDING is the art of discovering in others the infirmities which are most common in ourselves. Possibly the man we see no much in to criticize is only a mirror reflecting our own faults.

### Sent it to His Mother in Germany.

### SALINE.

Chas. A. Guthrie died at his home in Marshall on Nov. 9th of consumption.

Joseph Pollard's little two-year-old daughter died at her home in Marshall on Nov. 13th.

Little Vernon Isbell, aged three years, died at her home in Marshall on Nov. 11th, of heart trouble.

The death angel claimed for his own on Nov. 13th, Mr. James E. Thompson, of Marshall, aged 69 years.

Kirney Wingfield, the 6-year-old daughter of C. W. Wingfield, of near Herndon, died on Nov. 13th, of membranous croup.

Jas. Long, of Fairville, was painfully lacerated the other day while endeavoring to liberate his horse from a barb wire fence entanglement.

James Casey was arrested at Arrow Rock last week on a charge of rape by Constable Besley. Casey was taken to Eureka, Kas., by Sheriff J. A. Smith, of that place, where the crime is said to have been committed.

J. H. Varoter, of Salt Springs, was thrown from his wagon while on his way to Marshall the other day. His clothing caught on the vehicle and he was dragged some distance. A doctor was summoned, but the extent of his injuries was not made public.

Arthur Copeland, of that good old Good Hope neighborhood, was in Marshall Saturday and had with him an apple of the June variety. The apple was of good size and was the second crop off of the tree this year and is hanging full of blooms now. Six years ago on this same place a peach tree was in full bloom on Christmas day.

Two of the Thomas boys, living near Marshall, had a narrow escape Sunday. They were driving south toward the railroad crossing north of T. D. Potters' and reached it just as a C. & A. train came along; finding they could not cross before the train, the horses were turned quickly to the right, and barely escaped being run over. The front wheel was taken off and the vehicle otherwise damaged.

### A Strange Case.

The Monitor learns from Mr. W. G. Thompkins, of South Williams street, of a very puzzling case to the doctors, which has taken in Howard county, near Fayette recently. The girl is a niece of Mr. Thompkins. He has seen her since the occurrence, as has Mr. M. C. Blank, of South Clark street, a gentleman well known for veracity.

Some time in August last, Annie Hampton, the girl mentioned, went barefooted to the cow pasture to look for young turkeys. On her return to the house she said she had snagged her foot, and it was bleeding slightly. Soon after it was dressed she complained of a sticking sensation, and on looking closer a piece of glass was found. It was taken out and the wound poulticed. The next day more glass came out, and the next still more until 21 pieces of various sizes and colors were removed.

This ended the glass for a week, when another place, some two inches away from the first, began to give pain, and on poulticing it, 13 pieces of glass similar to the others, came out.

Her foot soon got well and she is now able to wear shoes and attend school. The 34 pieces of glass were preserved to show to the doubting Thomases, as well as the scars on the foot.

The doctors are puzzled, and well they may be. The Monitor gives the story as related by Mr. Thompkins. If he were not truthful, no credit would be given to the story, but there it is.—Moberly Monitor.
